Future With the Proposed Action....3-13
Mitigation....3-20
D. Community Plans....3-20
Policies and Resources Relevant to the Proposed Action....3-20
Mitigation....3-38

Chapter 4: Agricultural Resources....4-1
A. Introduction and Summary of Findings....4-1
B. Existing Conditions....4-2
Site....4-2
Town of Amenia....4-4
Dutchess County Farming Conditions and Trends....4-7
C. Future Without the Proposed Action....4-8
D. Future With the Proposed Action....4-9
Lot Size and Agricultural Potential....4-11
Applicable Farm Enterprise Types....4-11
Market Context....4-11
"Hobby Farm" Concern....4-12
Agricultural Fragmentation....4-12
Right-to-Farm Protections and Intra-Subdivision Agricultural Conflicts....4-15
E. Mitigation....4-16

Chapter 5: Community Character....5-1
A. Introduction and Summary of Findings....5-1
B. Existing Conditions....5-2
Site....5-2
Community Study Area....5-2
Town of Amenia....5-3
C. Future Without the Proposed Action....5-7
D. Future With the Proposed Action....5-7
E. Mitigation....5-9

Chapter 6: Alternatives....6-1
A. Introduction....6-1
B. Methodology....6-1
C. Alternative A: No Action Alternative....6-2
Description of Alternative....6-2
Analysis of Potential Impacts....6-2
D. Alternative B: Conservation Subdivision Scenario....6-2
Description of Alternative....6-2
Analysis of Potential Impacts....6-3

E. Alternative C: Conventional Subdivision With Resort Development Overlay (RDO District) Scenario 6-8
Description of Alternative 6-8
Analysis of Potential Impacts 6-9
F. Alternative D: Conceptual Future Build-Out Scenario With Alternative Development Limitations on Lots 20 to 22 6-12
Description of Alternative 6-12
Analysis of Potential Impacts 6-12

Chapter 7: Other SEQRA Analyses 7-1
A. Irreversible and Irretrievable Commitment of Resources 7-1
B. Disadvantaged Communities 7-2
